	Request for coordinating agency status	Subject

Dear Phyllis -

This electronic mail message is in reference to correspondence dated January 29, 2004 from the Utah Regulatory Office of the U.S. Army Corps of Engineers. In that letter, this office requested consideration for cooperating agency status on the Central Utah Rail project from Juab to Salina. Since that time, we have received additional information that leads us to believe that our request was unnecessary. Therefore, we would like to withdraw our request. Please contact me with any questions or concerns at (801) 295-8380 extension 13.

Sincerely,
Amy Defreese
